EMOTIONAL PERFORMANCE FABRICS

BLISS is a new brand created by people who have been in the textile industry for a very long time. We have inherited the technical knowledge and resources of Citel – the outdoor performance fabrics manufacturer founded back in 1875 in Barcelona – and added a special sensitivity and aesthetic perspective. BLISS mission is to manufacture performance and decorative fabrics made by and for the senses.

Our team wanted to create a brand that not only demonstrated their technical know-how regarding 100% solution-dyed acrylic fabrics, but also expressed their philosophy of life. BLISS is built on passion, new ideas, effort and an ongoing desire for improvement.

Creating is our favourite state of mind - our bliss -, and the desire to imagine, envision and manufacture fabrics that are truly special is our very reason for being.

AURA collection

BLISS is all about feelings and emotions, and so are our fabrics. We aim to create fabrics that stir emotions and arouse the senses, as does our New Aura collection, which focuses on the subtle, gentle and eloquent Scandinavian aura as a way of encouraging introspection and self-knowledge. The colours of the Aura collection lead people to a safe place, where they can breathe and take a quiet moment to ponder, dream and enjoy all the good things life has to offer.

URBAN collection

These are the selection of our classic Urban collection. They are fabrics that never turn old-fashioned: urban lifestyle and neutral colors.
