EMOTIONAL PERFORMANCE FABRICS

BLISS is a new brand created by people who have been in the textile industry for a very long time. We have inherited the technical knowledge and resources of Citel – the outdoor performance fabrics manufacturer founded back in 1875 in Barcelona – and added a special sensitivity and aesthetic perspective. BLISS mission is to manufacture performance and decorative fabrics made by and for the senses.

Our team wanted to create a brand that not only demonstrated their technical know-how regarding 100% solution-dyed acrylic fabrics, but also expressed their philosophy of life. BLISS is built on passion, new ideas, effort and an ongoing desire for improvement.

Creating is our favourite state of mind - our bliss -, and the desire to imagine, envision and manufacture fabrics that are truly special is our very reason for being.

PRADES collection

The Prades collection depicts the garrigue, the typical landscape of Provence. It is a type of low, soft-leaved scrubland or chaparral found on limestone soils around the Mediterranean Basin, generally near the seacoast.

Using many different threads and a jacquard processing technique enables us to create an embossed texture with an attractive vintage look. The colour mix, which is inspired by nature, BLISS's main source of inspiration, provides these fabrics with a look reminiscing about the many chromatic hues of the Mediterranean fields.
