## FR SOLUTION DYED POLYESTER

Ideal for commercial awnings and umbrellas.

Made in Japan, **Solterior FR** is 100% recyclable, RoHS compliant, fire retardant, waterproof, UV stabilised and printable using either a screen-printing process or UV inks.

Ideal for commercial awnings and market umbrellas, **Solterior FR** is available in 10 colours and supported by a 5-year UV warranty.

### Look after future generations

**Solterior FR** is a solution dyed polyester made with yarn that is produced out of used PET plastic bottles, giving a second life to a product that is not biodegradable and would otherwise end up as landfill.

By using recycled bottles in the yarn, **Solterior FR** saves both energy resources and the environment while delivering the same high-quality features as other Ricky sun control products.

Choosing **Solterior FR** fabric is a small step towards helping maintain the environment.

Roll Size	120cm x 50 metres
Nominal Weight	380gsm
Thickness	0.50mm
Fabric Type	Solution dyed polyester made from recycled drink bottles
Fabric Finish	Waterproof (1000mm+) - TPU coated
Treatment	UV resistance   Fire Retardant   Waterproof
Printing Compatibility / Cutting	<div>UV</div> <div>S screen print</div> <div>COLD cut</div> <div>HOT cut</div>
Tensile Strength (JIS L 1096 A-STRIP)	Warp: 1176 N/30mm   Weft: 725 N/30mm
Elongation at break (JIS L 1096 A-STRIP)	Warp: 70%   Weft: 40%
Tear Strength (JIS L 1096 A-1 SINGLE TONGUE)	Warp: 80N   Weft: 50N
Features	Solution dyed polyester made from recycled drink bottles FR retardant (AS1530 Part 2 & 3) 5 year warranty RoHS compliant Waterproof High UV resistance 100% recyclable
