ALBIS

OUTDOOR CURTAIN FABRIC

Albis is an open mesh fabric created specifically for outdoor curtains and is designed to allow filtered light through, while at the same time maintaining a level of privacy.

Its appearance and drape is similar to cotton and linen. It is available in five natural colours: snow, stone, sand, linen and smoke.

Albis is manufactured using 100% solution dyed acrylic yarn and is suitable for continued exterior exposure to the elements.

It is ideal for curtains in bungalows, garden gazebos, Balinese beds and pergolas. The fabric possesses excellent properties in terms of colour fastness, UV and weather resistance.

When you choose Docril Garden Albis, a percentage of sales is donated to the Melanoma Institute Australia to fund vital research and support their goal of zero deaths from melanoma.
