# VERSATILITY AT ITS FINEST

Maxiscreen can do it all.

Suitable for a variety of applications, Maxiscreen is a PVC coated mesh fabric that provides protection but still allows air to flow through. Engineered to be durable and versatile, Maxiscreen can be used for truck tarpaulins, small shade structures, tent and annexe windows, privacy screens, boat windscreens, and more.

UV

## UV STABILISED

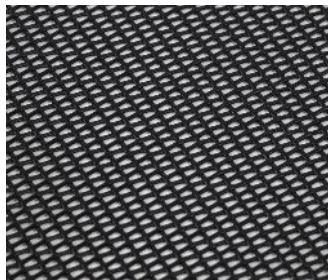

Maxiscreen mesh is UV stabilised which prevents it from fading under intense UV rays. This also increases the textiles' longevity and ensures easy cleaning.

**PHIFER**

## MADE BY PHIFER®

Maxiscreen is manufactured by the global leader of solar control fabrics, Phifer®. The world's best!
